CNGF INTERNSHIP PROGRAM IN SAN JOSE

Regenerative Organic Agriculture Training Summer Intern:
• Learn how to design, build, and manage regenerative organic farms
  • Make public presentations
• Build collaborations with soil scientists and ecologists worldwide
  • Grant research and writing
  • Design prototype gardens
• Work with other college students and urban farmers
  • Participate in Build 25

What is Build 25?
Build 25 is an initiative to build 25 regenerative organic urban farms in Santa Clara County. It strives to stabilize climate change, diminish CO2 emissions by more than half, make healthy produce more accessible to all economic levels, create strong biodiversity within our local ecosystems, and so much more!
